

business: Bookstore.

What do we do: we sell books.

The menu should go on the top.

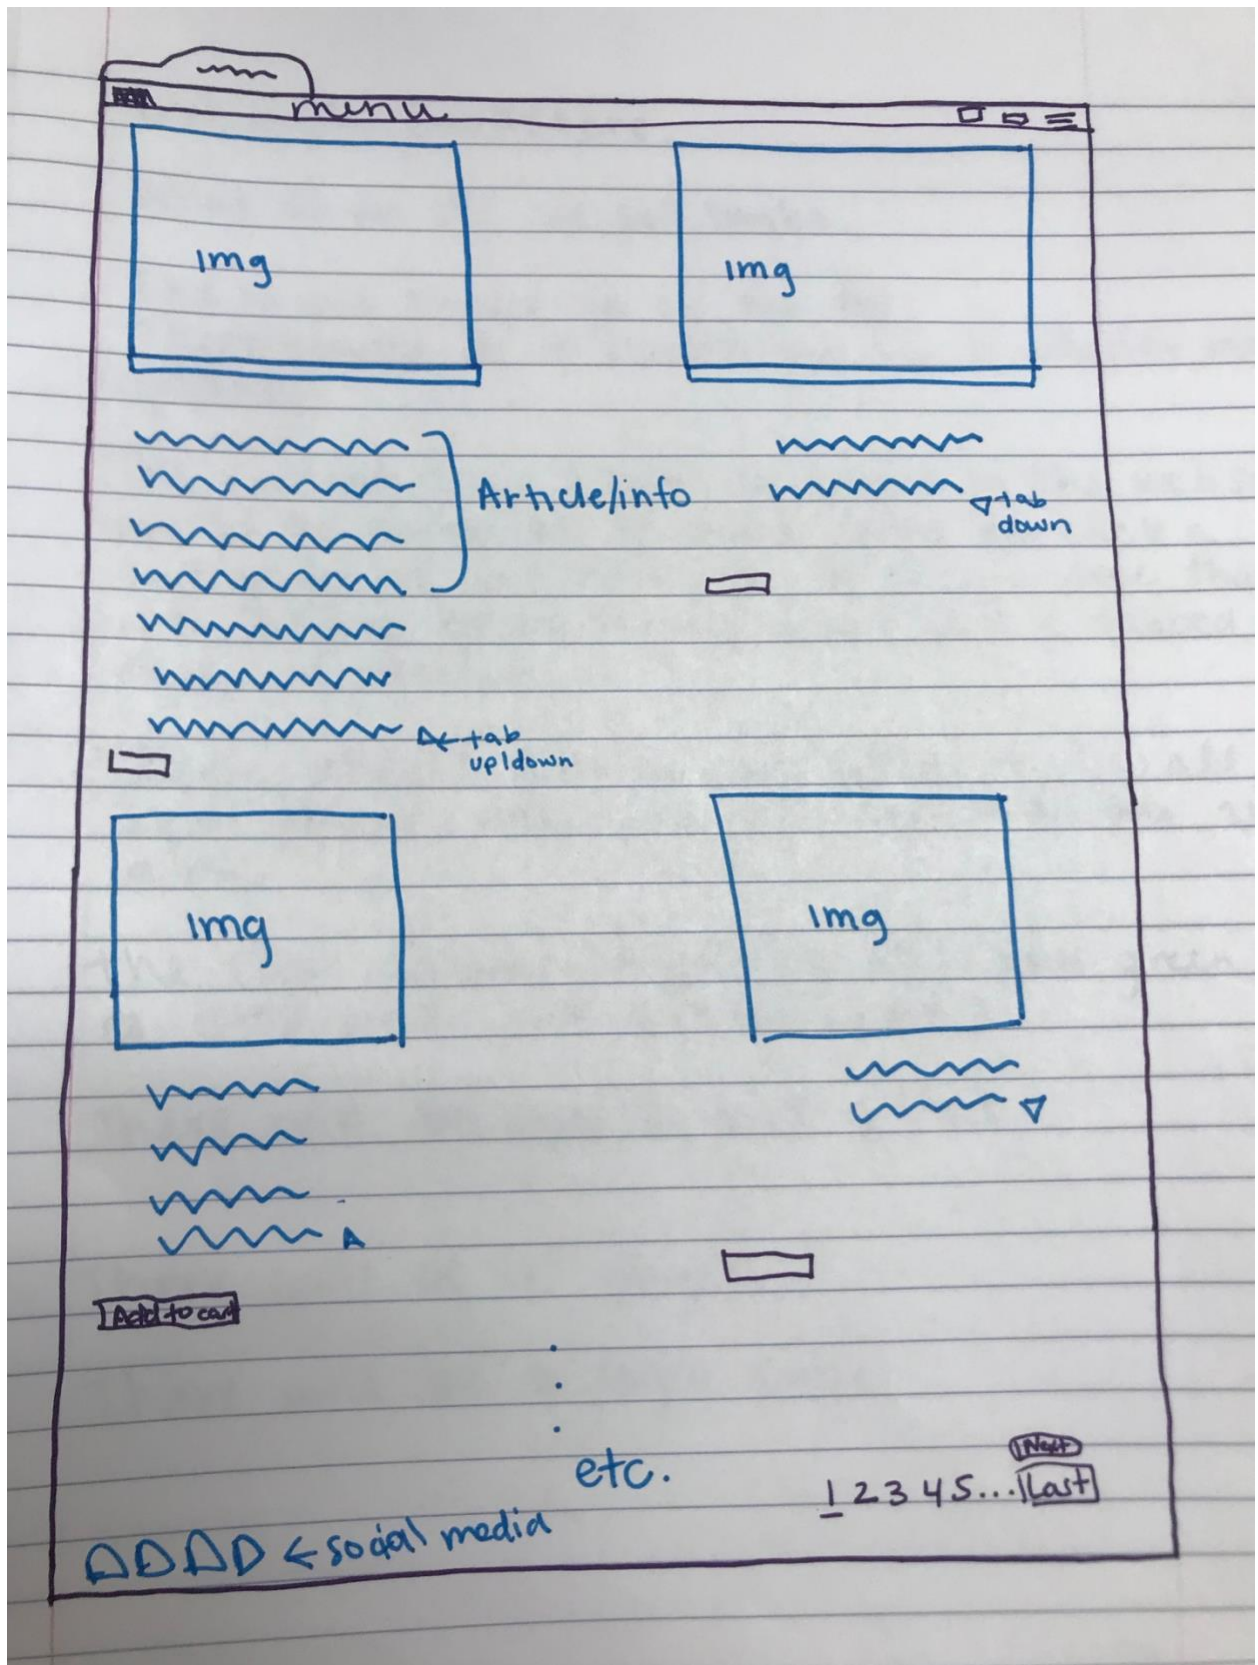

There should be a hamburger icon to identify more options.

The content that should be shown in the website would be categories of books. When you click a category, it will take you to a new page that will display books (image cover) with a tabbed disc. of the book.

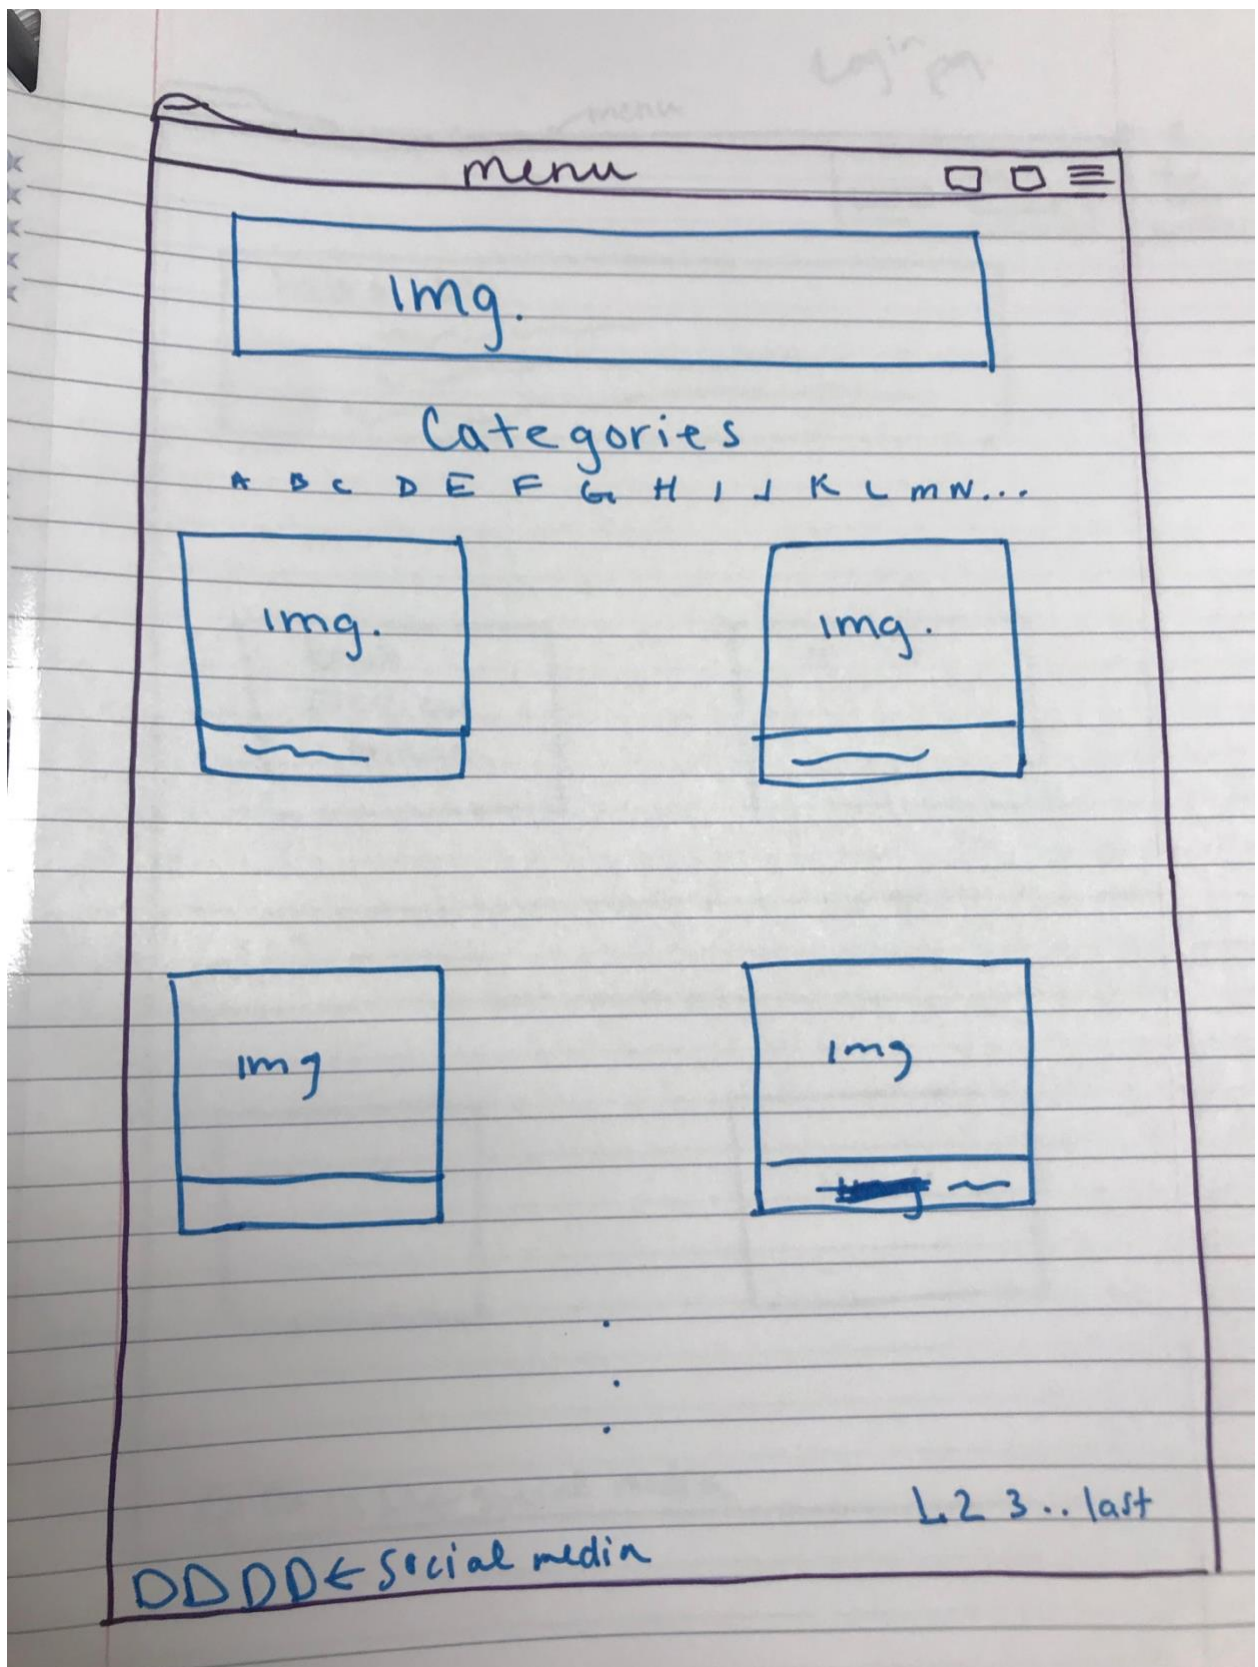

There should also be an option to view all, best sellers, new, price low-high ~~extensive~~ and alph.

the color scheme should be blue and green with a little pink. (all lighter colors.)

There will be add to cart options

Login pg.
